SPENCER SWEET PEAS

As the result of years of experimental cultivation, a new type of
sweet pea has been brought to what might be called perfection and we
have a vigorous growing vine, long, strong, stems,
four, five and even six flowers on a stem and
colors of rare beauty.

W. Atlee Burpee of Philadelphia has paid more attention to the culti-
vation of this sweet pea than any other grower in America and is, as
for years past, headquarters for sweet peas of all kinds.

We Sell the Burpee Sweet Pea Seed

We have this year twelve solid colors and a mixture of these same
colors at 10c an ounce and a limited amount of mixed Spencer's at 25c
